

ASSEMBLY INSTRUCTIONS FOR 29278

CAUTION: This lamp is partially assembled in the factory by qualified craftsmen. Some assembly is required before use. Please follow the assembly instructions carefully.

WARNING: TO REDUCE THE RISK OF FIRE, ELECTRICAL SHOCK OR PERSONAL INJURY:

- Turn off/unplug lamp and allow to cool before replacing bulb.
- Do not touch bulb when fixture is turned on.
- Do not look directly at lighted bulb.
- Keep materials that burn easily away from lighted bulb.

Assembly:

1. Place the base on a flat floor.
2. Screw the bottom of lower pole onto the coupling at top of base while pulling cord through bottom. Hands tighten until snug.
3. Screw the bottom of upper pole onto the coupling at top of upper pole while pulling cord through bottom. Hands tighten until snug.
4. Screw the bottom of fixture body onto the top of upper pole while pulling cord through bottom. Hands tighten until snug.
5. Locate glass and spacer. Carefully place the center hole of glass and spacer over the socket of fixture body and secure with socket ring. Hands tighten until snug.
6. Install a proper bulb (not provided) to the socket referring to the markings and labels on fixture for maximum wattage. Do not exceed maximum wattage indicated, as it may cause fire.

Important Safety Installations:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature. This plug can be used in polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

Cleaning:

Use only soft cloth to dust and clean fixture. Never use chemicals or abrasive cleaners as it may damage finish.

IF IN DOUBT ABOUT ELECTRICAL INSTALLATION,
CONSULT A LICENSED ELECTRICIAN
